GREAT SUCCESS.

School Rally Day Brought Fully Six Thousand People to Columbia.

FINE DISPLAYS---PERFECT ORDER.

Last Friday was School Rally Day for Adair county and one of the largest crowds ever seen in Columbia was upon the square at 11 a. m.

There are eighty white schools in Adair county, and early in the morning they commenced to arrive, in a body, and before the noon hour the public square was a solid mass of humanity, the most enthusiastic crowd of young and old people ever called together at this place.

The children were all neatly dressed, and it was an inspiration to the onlookers as each school marched around the square, giving their school yell, about every three minutes.

It was one of the greatest school demonstrations ever pulled off in this part of the State showing conclusively that Adair county is alive, making rapid progress in the point of education.

It was also a great treat to the children, many of them, no doubt, being in Columbia for the first time in their lives.

A motor truck car from Casey Creek a distance of twenty miles, brought sixty-five pupils via Campbellsville, and an eight mule vehicle brought Independence school which is located near Dirigo, about fourteen miles. Other schools came in buggies, surreys, spring wagons and road wagons. The schools remained upon the square until about eleven o'clock, and while here Miss Laura Smythe's school, located at Breeding, rendered a number of beautiful songs in the South corner of the square, and also gave a drill, showing that the children were well trained in voice, and marched like well drilled soldiers.

The school under Miss Estelle Willis, Zion, were all dressed in white and blue, and was a very attractive body of young folks, as they marched around the square and into many of the business houses, with uncovered heads, stopping long enough to give their school yell.

The Columbia High and Graded school made the greatest show, as there are about two hundred and fifty pupils in attendance, and as the body marched through the town, with banners flying, many expressions of admiration were heard from the spectators.

At the High and Graded school building the rooms from the first to the tenth grade were tastily decorated, and a great deal of artistic and mechanical work was on display, and all forenoon friends called to see the evidences of progress made in this very excellent school, under the supervision of Prof. W. M. Wilson, who is assisted by a corps of trained instructors.

By one o'clock all the schools and many visitors had gathered at the Fair Grounds, and during the afternoon there were many contests. The following are the names of the winners:

Division 1 received 17 firsts and 8 seconds.

Division 2 received 7 firsts, 10 seconds.

Division 3 received 7 firsts, 5 seconds.

Division 4 received 2 firsts, 2 seconds.

For the highly enjoyable program and a great day of pleasure, credit is due Profs. Wilson, Moss, and Supt. Huffaker.

Remember that Harry Lazareth, who wants 100 mules, horses and mares will be here next Saturday. He is a quick buyer. Bring your stock to Columbia.

Will Leave for Elizabethtown.

Rev. W. F. Hogard and family will leave for Elizabethtown this week, Rev. Hogard having been assigned to that district as Presiding Elder for the ensuing Conference year. He is a splendid Christian gentleman and is very much beloved by the Columbia district, having presided over it for the past four years. His work shows that he is a diligent worker, and he will be greatly missed.

While in session here there was an abundance of edibles on the ground each day, and the gathering was pronounced a very successful one.

Mr. Robinson was re-elected Moderator and Mr. Henderson re-elected Clerk.

The next Association will be held at Palestine, Taylor county.

Read the kind of mules and horses Lazareth wants, published in The News to-day.

The Baptist Association.

The one hundred and eleventh session of the Russell's Creek Baptist Association convened in Columbia last Wednesday forenoon, October 6, and was called to order by the Moderator, Mr. H. S. Robinson, of Campbellsville, the Clerk, Mr. Ed Henderson, being present.

Rev. Wm. Kirtley, of Elkhorn, preached the introductory sermon, and Rev. T. E. Ennis delivered the doctrinal discourse.

During the two days the body was in session a great deal of important business was transacted. In fact, an association is strictly a business gathering.

This Association was organized in September, 1804, at old Pitman Church one mile west of Campbellsville. Rev. Elijah Summers was the first Moderator, and John Chandler was the first clerk. The old Pitman Church is now the Campbellsville Church. When first organized the Association was composed of eleven Churches, four of which yet exist, namely: Zion, Mt. Gilead, Brush Creek and Campbellsville.

At this time the boundary of the Association is two hundred miles long and forty miles wide, embracing many churches. Some of them are in a very prosperous condition while others need to be stimulated.

While in session here there was an abundance of edibles on the ground each day, and the gathering was pronounced a very successful one.

Mr. Robinson was re-elected Moderator and Mr. Henderson re-elected Clerk.

The next Association will be held at Palestine, Taylor county.

Death of a Prominent Citizen.

Mr. John C. Dunbar, who was a prominent citizen in the Knifley section of this county, was found dead in his bed last Wednesday night about 9 o'clock. The deceased was about seventy-five years old, a man of fine sense, an upright citizen, and will be greatly missed, not only by his immediate family, but by the entire community where he was so well known.

He was a son of Mr. S. D. Dunbar, and lived with his parents until he was grown, within three miles of Columbia. He was a brother of Mrs. Omerie Jeffries, of this place, and of Mr. T. P. Dunbar, who lives near town.

He leaves a wife and six children. The interment was on his farm in the presence of many relatives and friends.

When in Columbia leave your horse and buggy at W. H. Wilson's. They will be well cared for.

While in front of the News office, last Friday, Miss Laura Smythe's school, sang a song entitled, "Will You Give to Us a Welcome." It was beautifully rendered and the News force certainly appreciated it, and will be ready to extend the hand of welcome at any time.

Mr. Walter Sullivan, who is teaching a band at Cane Valley, reports that the boys are making rapid progress, and will be ready to play in the open very short time.

There will be a basket dinner in the basement of the United Brethren church next Sunday. Every body is cordially invited and urged to bring well-filled baskets.

For fresh groceries, just opened, at living prices, go to the new store of Finis Rosenbaum. He will deliver inside corporate limits. Phone 152.

Mr. J. A. Breeding sold one nice mare mule colt to Mr. Curt Yarberry for \$85. This mule also took the premium at the Columbia Fair.

The sale of Mr. J. M. Russell, last Saturday, was well attended, and every thing sold at satisfactory prices.

Attention is called to the professional card of Dr. James Taylor, published today.

Foot Ball.

On Saturday, Oct. 23rd, Columbia will have the opportunity of seeing a game of foot ball, the game that is now attracting the interest of all sport-loving people in the cities and about the large colleges and universities, will be brought to Columbia and played in the same fashion as at Louisville next Thanksgiving where 50,000 people will gather to see the Turkey Day Game.

The contest promises to be a lively one. Lindsey-Wilson has the largest enrollment in its history for this time of year, and will be able to select a husky set of youngsters to represent her. We have no information about this year's Springfield High School team, but if it lives up to its usual record they will bring over a team full of spirit, that will not hesitate to down an opponent who happens to get in its path. To say the least it will be worth the time and ticket fare to see twenty-two men engage in the contest.

The Lindsey boys have been training for some weeks. They will this week take up some trees and do some tiling so as to be able to lay off a full size gridiron.

Next Saturday will be mule, horse and mare day at Columbia. Harry Lazareth will be here to buy one hundred head.

Graded and High School Notes.

The teachers gladly welcomed 1,800 or more visitors to the school on last Friday, School Rally Day. As early as 9:30 o'clock there had been 1,000 people entered the building by actual count.

It is very probable that as many more came, as the crowd continued to pour into the building until the school left for the Fair grounds to see the closing events of the "rally."

At times the house was so full that schools and crowds of people had to wait on the outside till some of the schools and people who were in the house came out, before they could enter.

Work was on display from all the grades and all years of High School work.

Not an article was on exhibit but what was made or grown by graded or high school pupils. The things that perhaps attracted most attention were teacher's desk, made by Lawrence Antle, Paul Hamilton and Herbert Young, boat made by John Lowe and Lawrence Antle, raffia baskets, mats, parasols, etc., made by both graded and high school pupils. Then there was cooking, sewing, drawings, etc., of many pupils that brought forth much favorable comment.

Many fine specimens of corn, wheat, oats, an ax handle, a plow, etc., attracted attention. Each member of the agriculture class had a specimen of budding and grafting on display.

There could be no one who saw the exhibit but knows that the pupils are doing a high grade of work.

This is the biggest and best year we have had thus far.

Rev. W. R. Waggoner, who succeeds

Rev. J. S. Chandler as pastor of the

Methodist Church, this place, is ex-

pected, with his family this week. He

served the Church at Campbellsville

four years, and was a popular minis-

ter with all denominations. He is

said to be an exceptionally good pas-

tor and a preacher of fine ability.

The people of Columbia stand ready

to give him and his the glad hand of

welcome. He has a wife and a son

and daughter, his daughter being a

student in the Lindsey-Wilson.

The meeting at the Christian church closed last Wednesday night. There were six additions by confession, one restored, and several took membership.

The United Brethren church, this

place, will be dedicated by Bishop

Mathews next Sunday forenoon. A

large congregation is expected to be

present.

We have bought the stock of Mer-

chandise of L. W. Bennett and will

sell at reduced prices.

Contracts for Road Machinery Closed.

Last Tuesday and Wednesday four or five gentlemen were here, representing as many different concerns, dealers and manufacturers of road machinery. Each representative was given time to explain the merits of the machinery necessary for use in this county. From three different firms the Court made purchases which will cost the county about \$3,500. The main things purchased were a roller, engine, Grader and rock crusher.

All the above are to be shipped at once, and experienced men are to come to put the machinery in operation.

The Court is of the opinion that it got bargains in the purchases made, and the outlook is good for making better roads in Adair county.

It seems like you are afraid to join the cash Union store. The dollar bluffed you. If you don't want to join come and trade with me and I will save you money. I hate to give prices but come on and get your sugar at 6 cents. Now every thing in the store is priced according to sugar and if you are a member you get it less than this price. You are bound to save money if you trade with the Union.

T. G. Rasner.

Will Remove to Campbellsville.

Rev. J. S. Chandler, who has been the pastor of the Methodist church here for the past three years, will remove, with his two daughters, Misses Maggie and Mary, to Campbellsville this week.

Rev. Chandler is a very able minister, and was very much liked, not only by the Methodist people here, but the community generally. It is a source of regret that he has been removed. However, it is gratifying to know that he will be in close touch with Columbia, enabling him to visit us as often as an opportunity presents itself. His two daughters have won many friends, and it will be hard for the young people to say the words, good bye. We feel sure that this excellent family will be given a hearty welcome when it reaches Campbellsville.

Will Soon Be Here

Rev. S. G. Shelley, who will succeed Rev. Hogard as Presiding Elder of the Columbia district, will arrive, with his wife, in a few days. They are not strangers to this community, having resided here some years ago, and our people are glad that they are again to become residents of this place. Rev. Shelley and wife are both consecrated Christians and are doing a great work for the cause of their master. In point of ability Rev. Shelley ranks among the most able men of the Louisville Conference. They will be given a cordial welcome.

DEATH RECORD.

Pelley.

James M. Pelley died at 5:30 Sunday morning at the Holmes hospital during an operation, aged 78 years, 7 months and 22 days. Short funeral services will be held at the residence of his son, J. E. Pelley, at 654 South Randolph street tomorrow (Tuesday) afternoon at 1 p. m. The remains will be taken to Bardolph on the afternoon train where the funeral services will be held at the Presbyterian church at 3 p. m., under the auspices of the Masons; interment in the Bardolph cemetery.

The death of Mr. Pelley comes as a shock to every one as none knew of his illness until his death was announced. Saturday he felt in his usual health and ate his dinner supper with his customary appetite. Shortly after supper he was taken ill and vomited. He told his son his stomach had been sour during the day but otherwise he had suffered no inconvenience. Dr. D. S. Adams was summoned and arrived about 9:30 and at once diagnosed his case as obstruction of the bowels and his condition as serious. He remained constantly with him, working to alleviate his sufferings and give relief. After a few hours it was seen that local remedies would not alleviate, so bad was his condition, and an operation was absolutely necessary. He was taken to the hospital about 3 o'clock that morning and at once operated upon him. The operation was apparently a success and the condition relieved but his heart would not stand the shock and he passed away on the operating table.

Deceased was a son of Wiley and Martha Pelley and was born in Adair county, Ky., February 4, 1837. Following the death of his father, when he was but 11 years of age, he came overland to this state with his mother and two sisters—Mrs. Reuben Smith and Mrs. Harriet Vincent and they located on a farm about a mile southwest of Bardolph. For forty years he was engaged in buying grain at that place. In 1905 he removed to this city, having been elected County Treasurer on the Democratic ticket. On the completion of his term of office he retired from active life, enjoying a rest well earned by a life of hard toil and close attention to business. He retained his position as director of the First Trust & Savings Bank of this city, but took no other part in business activities.

He united with the Presbyterian church at Bardolph on Jan-

uary the 2nd, 1865 and has ever since been active in church work.

He was elected a deacon and trustee of the church shortly after he joined membership and retained those positions until he moved to this city.

In his social and business life no man stood higher in the esteem of the public. His honesty was unquestioned and his affable manner won the respect of every one with whom he came in contact, and his death is felt a personal loss to all with whom he was acquainted.

He was married to Sarah E. Pearson, January 1, 1860 and to this union nine children were born. His wife died September 4, 1896. The surviving children are E. D. Pelley, Burlington Iowa; Mrs. E. M. Knowles, Mrs. R. L. Empey, Mrs. Fannie Sperry, Macomb; Mrs. Kate Vorhees, Colchester; J. E. Pelley, this city. Three children—William H., Eva May and Grace, are deceased. He leaves one brother, J. D. of this city, one half brother Fleet Vincent of Colorado and a half sister, Mrs. Angie Donnelly of Kansas.—Macomb News Journal.

The deceased was a double cousin to Mr. J. H. Pelley, of this city.

A Pine Whooping Cough Remedy.

Mothers, Dr. Bell's Pine-Tar-Honey is just the remedy for your children's cold ailments. The fact is that pine is a quick enemy of cold conditions. Its qualities loosens the mucous in the throat, soothes the lungs and open up the air passages. The combination of honey, soothing and pleasant, with the loosening pine quality makes this an ideal cough remedy for children. Each passing year brings for it, new friends. A family of growing children cannot afford to be without it. 25c a bottle. Paull Drug Co. Adv.

What Paint Will Do.

Too many farmers have the habit of putting off painting until a house fairly screams for it and they perhaps figure that they are economizing. Not so. Good paint, applied at regular intervals, not too far apart, is the true economy, in that it not only actually raises the value of a building by improved appearances, but through preservative ingredients prevents and arrests decay. The man who lets his house become an eyesore in an otherwise well-kept locality should be taxed for the heavy damage he is doing to that community.

For Indigestion.

Never take pepsin and preparations containing pepsin or other digestive ferments for indigestion, as the more you take the more you take the more you will have to take. What is needed is a tonic like Chamberlain's Tablets that will enable the stomach to perform its functions naturally. At Paull Drug Co's. Ad

Old Soldiers Happy Event.

On August 27th an enjoyable dinner was served in the old Commercial Hotel (now unoccupied.) Six old Federal Soldiers met and prepared their own dinner. Army coffee, hard-boiled eggs, salmon, honey, soft bread, hard tack and onions, topped off with a mammoth watermelon, comprised the menu. To say they enjoyed themselves is putting it mildly. Stories of experiences in battle and marches were told with humorous anecdotes, enlivened them until the last when the conversation shifted to the final muster out. Then to the final reward in ages to come, with many scriptural quotations to sustain them in their views of the future state.

Following is the names and where from, the Regiment, Company and Army they served in:

J. J. Vervalin served in Co. C, 51st New York, and was one of Fox's 300 fighting regiments. The regiment was raised in New York City; was in the battle of the Wilderness and many other battles of the Army of the Potomac.

K. M. Peterson does not know whether he was born on the ocean or in the United States. He served in Company K, 2nd Wisconsin; also in Stewart's Regular Battery; also one year in Company D, 47th Illinois, first in the Iron Brigade Army of the Potomac; was in the first battle of Bull Run; in the 47th Illinois he was at the taking of Spanish Ford, near Mobile, was in from start to finish of the war.

J. B. Dodson, a Tennessee refugee, served in 32nd Ky., under Col. Tom Morrow, whose son will be Kentucky's next Governor.

A. S. Marcom served in the 12th Ky. Cavalry, known as the Bloody 13th. It was commanded by Col. Weatherford.

J. A. Marcom belonged to Col. Wolford's 1st Ky., Cavalry. All the soldiers of the Army of the Cumberland, Army of the Tennessee and the Army of the Ohio knew what Wolford's Cavalry did. The description of their fights and skirmishes would take up many columns of a newspaper.

W. T. Carter was in Battery B, 1st Ky. Light Artillery, known as Hewitt's Battery, under Captain J. M. Hewitt. The company was formed at Columbus, Ky., and went to Camp Robinson with the 3rd Ky., Colonel Bramlett, but was transferred to the Artillery Service.

To Make Ferns Grow.

Some people think ferns must have sunshine, but that is not true. Ferns will live in the shade and there are some sorts, of course, that are scorched by the sun. But most ferns that are cultivated in the house like a good deal of sunlight, and never do their best without it.

Window boxes where ferns are growing should be sprinkled lavishly twice a day. If the leaves are dry and dusty they should be well shaken before sprinkling.

If possible, get the earth to fill your boxes from an old hot bed—rich loam and rotten manure about half and half.

Failing that, take any which is handy and enrich it with ammonia and bone meal, mixed thoroughly. A heaping teaspoonful of manure is enough for a six inch pot of earth. Neither must be kept directly on the roots of the plants. Liquid fertilizer, likewise, must be kept off the roots, stems and leaves.

Make a hole at one side of a trench just inside the pot rim, pour in the fertilizer and let it sink, then put back the earth.

get Rid of Those Poisons in your System

You will find Dr. King's New Life Pills a most satisfactory laxative in releasing the poisons from your system. Accumulated waste and poisons cause manifold ailments unless released. Dizziness, spots before the eyes, blackness and a miserable feeling generally are indications that you need Dr. King's New Life Pills. Take a dose to-night and you will experience grateful relief by morning. 25c. For sale by Paull Drug Co. Adv.

Use the Cultivator.

Farmers who watched their crops parch and shrivel during last year's long drought, while neighbors who cultivated persistently made good yields, will no doubt be more inclined this year to the use of the cultivator, one of the most valuable of agricultural implements. Make up

your mind now, long before planting time, that you are going to keep your land constantly "stirred up" and not allow your plants to be handicapped by unsatisfied thirst.

Treatment for Scab in Irish Potatoes.

The following treatment has been used with excellent results in Louisiana:

The scab is a serious disease of the Irish Potato, and affects both its sale and edible quality. This disease may be easily prevented and controlled. Previous to planting immerse potatoes in a formaldehyde solution (formalin) for two hours, remove, dry, cut and plant. The formula is, one pint formaldehyde solution (formalin) in 30 gallons of water. This treatment will prevent scab forming, provided the soil has not been previously infected with the scab. In such case, rotation is the remedy. Do not plant potatoes on infected soil for three or four years.

It is important that the seed potatoes be always so treated, even though they may show no signs of the disease, for the spores of scab may be present and if untreated will develop in the soil, and thus inoculate it and multiply the trouble. "An ounce of prevention is worth a pound of cure." Hence the two-fold value of treatment.

Colds do not Leave Willingly.

Because a cold is stubborn is no reason why you should be. Instead of "wearing" it out, get sure relief by taking Dr. King's New Discovery. Dangerous bronchial and lung ailments often follow a cold which has been neglected at the beginning. As your body faithfully battles those cold germs, no better aid can be given than the use of this remedy. Its merit has been tested by old and young. Get a bottle to-day. 50c. and \$1.00. How Editors Get Rich Quick.

A great many persons have wondered how editors all get rich so quickly with such small effort. One of them who has grown rich has at last told the secret of it. He outlines it as follows:

"Nursery firm will send us a 25c rosebud for only \$5 worth of advertising.

"For running a six-inch advertisement for year, we can get a gross of pills.

"About one dozen firms are wanting to give up shares of gold mines for advertising.

"For \$40 worth of advertising and \$25 cash we can own a bicycle. The wheels sell at just \$12.

"A fellow out west wants us to run a lot of advertising for him for nothing, and if it brings results he may become a customer.

"For running \$12 worth of locals we can get two tickets admitting us to a circus in the city and pay our own fare on the railroad.

"Gun firm wants us to run \$19 worth of advertising and then send \$10 in exchange for a shotgun. Such a gun would retail at about \$6."

REPORT OF WISCONSIN TAX COMMISSION.

"Justice in taxation can only be attained by strict compliance with the law. This is proven by universal experience. There is no other way. With rare exceptions, when an assessor violates the law and sets up a standard of his own he either inflicts an injury upon some individual taxpayer or else he does injustice to every other taxpayer in the State. As a general rule, every step he takes outside the straight and narrow path provided by law leads to greater and more glaring inequalities, and in many cases *** degenerates into a mere travesty on justice."

FROM REPORT OF KENTUCKY TAX COMMISSION, 1909.

"There are two reasons why the general property tax has failed in operation. First, because under modern conditions it cannot be enforced effectively. Secondly, because of a more or less conscious recognition of the fact that strict enforcement would result in a still greater injustice than now prevails."

"The attempt to tax all property at a uniform standard of valuation and at the same rate, regardless of its special characteristics, earning power or the benefits derived from the expenditures of government, violates the primary rules of just taxation and offends the natural sense of justice."

DON'T FAIL TO VOTE FOR THE TAX AMENDMENT

CLASSIFIED TAXES.

Whenever there is any talk about a lower rate of taxes on intangible personal property a great howl goes up from the owners of tangible property, who affect to believe it a gross injustice. Intangible personalty consists mostly of Stocks, Bonds, Notes, Cash, Accounts, Mortgages, and other such evidences of enterprise, all of which are limited by law or custom to a certain percent of earnings. No other kind of property has the limits of its profits fixed by Law. A man may lawfully earn all he can in his store, his shop or on his farm. He may charge what he pleases for his professional services, for his manufactured wares, for his cattle, his hogs and his corn-wheat and tobacco, but when he comes to lending money, which the investment in Securities includes, he is strictly limited to a gross income never exceeding six per cent, and is it fair to exact half or more of his income for taxes when others get off with perhaps one-tenth of their earnings from other kinds of invested property, farming, professions and business? The argument is all in favor of the money lender, as his capital is essential to all industrial improvement and cheap money greases the wheels of progress and prosperity.

TAX AMENDMENT

TO BE VOTED ON AT THE NOVEMBER ELECTION.

The Tax Amendment to be again voted on at the November Election will, if adopted, authorize the Legislature to enact a new Tax Law that will subject the enormous amount of personal property in the shape of Stocks, Bonds, Notes and accounts now escaping taxation to a fair share of the burden and reduce the taxes on Land and Improvements. Every taxpayer should vote for it, as any Law enacted under its provisions must be ratified by the people before it can be enforced and this guarantees a fair Law.

The Amendment.

"The General Assembly shall provide by law an annual tax, which, with other resources, shall be sufficient to defray the estimated expenses of the Commonwealth for each fiscal year. Taxes shall be levied and collected for public purposes only and shall be uniform upon all property of the same class subject to taxation within the territorial limits of the authority levying the tax; and all taxes shall be levied and collected by general laws. "The General Assembly shall have power to divide property into classes and to determine what class or classes of property shall be subject to local taxation. Bonds of the State and of Counties, municipalities, taxing and school districts shall not be subject to taxation.

"Any law passed or enacted by the General Assembly pursuant to the provisions of or under this amendment or amended section of the constitution, classifying property and providing a lower rate of taxation on personal property, tangible or intangible, than that upon real estate, shall be subject to the referendum power of the people."

This amendment was ratified by an enormous majority at the election in 1912, but was pronounced invalid by the Court of Appeals because it had been advertised only sixty, instead of ninety, days as the Constitution provides.

It has been advertised in legal forms and in time for this year's elections and should receive a larger majority than before, as Tax paying voters have had time to study the question and discover the faults in the present Tax Law.

No Democrat should allow himself to be gulled by the shallow claims of the enemy. They have no money with which to make this campaign, but Bradley's nephew and Hunter's son both know the "gum shoe" tactics thoroughly. That's the way they hope to ride into office. Just by the surprise route. Watch 'em. Urge your Democratic neighbor to go to the polls and take his neighbor along with him. Kentucky is a Democratic State by fifty thousand and Stanley and the rest of the ticket are entitled to the full Democratic vote. "Gum Shoe" tactics will only win when you are off guard. Go to work right now and find who is who in your neighborhood. Tell your county chairman the condition of things and do your part toward voting and no complaint can be found with you or your Democracy. Let's see if we can't outdo all former elections in the way of big majorities. Let every man do his part in electing Stanley and the Democratic ticket and just so sure it will be a forerunner of great victory for 1916 throughout the nation.

The most encouraging news comes from State Democratic headquarters. From reports sent in from all Congressional districts, it is believed that Mr. Stanley and the entire ticket will be elected by forty thousand. In voting the Democratic ticket you vote to endorse Woodrow Wilson, the man who has kept this country out of war.

Orators of Kentucky are making the welkin ring, dishing out Democratic principles, the best safeguards to human liberty.

If the Democrats will only come to the polls on November 2nd and vote for Stanley and the entire Democratic. There is no earthly reason why the entire ticket should not win by an immense majority. We all know now that both the Senate and House are absolutely safely Democratic. Then what is the use of electing Morrow Governor? He would only be a figurehead. His vetoes would amount to nothing for they could be passed over his head at any time. With Stanley as Governor, the Democratic party will be in a position to do some valuable Democratic legislation. The State would then receive adequate compensation from its law makers. If Morrow should be elected, all the people could hope for would be time and money thrown to the winds. Our Republican friends who have the good of the old Commonwealth at heart and especially the independent voters can readily see the uselessness in voting for Morrow. Vote for Stanley and the entire Democratic ticket and thereby render your State valuable service.

Mr. R. B. Trigg, Democratic candidate for the State Senate, and Mr. Ray Montgomery, Democratic candidate for the Legislature, are active in the canvass and will do everything in their power to get the vote out. It is generally conceded that Mr. Trigg will be successful at the polls, but there should be no let-up upon the part of his friends. While the Legislative district is Republican, Mr. Montgomery's friends claim that he can be elected, as encouraging reports in his race comes from Cumberland county. Mr. Montgomery's supporters confidently believe that he will carry Adair county by a good majority, and it is not impossible for him to win in Cumberland. Every Democrat should be at work

The Republican spellbinders have much to say about the extravagance of the present administration, but when the figures are shown the Bradley and the Wilson administrations, in the way of expenditures, lead the Democrats. General Garnett made a speech in Shelbyville last week, and took occasion to defend the present administration and he did it to the satisfaction of his hearers. The Republicans are large on making misstatements. What Barksdale Hamlett did for them in Western Kentucky, last week, was a plenty.

If the public will watch the metropolitan papers closely it will observe that President Wilson and Mrs. Norman Galt are thinking of getting married.

President Wilson will be married to Mrs. Norman Galt, in Washington, D. C., sometime in December. She is a native of Virginia and so is the President. The intended bride is 38 years old and the intended groom fifty-eight.

When you meet a friend, talk Democracy and urge him to get into the game and fight for a full turnout at the November election.

The Democrats of this county are going to line up for Mr. Fins Strange for circuit court clerk. He is active and every friend he has in the county should be at their respective voting place the 2d of November. He is well qualified for the position, and is a very courteous gentleman.

WAR SITUATION.

With the drive at Serbia by a heavy force of Germans and Austrians led by Field Marshal von Maceensen well under way, the Balkan situation is bringing forth new developments almost hourly.

Serbia has definitely broken with Bulgaria, the Bulgarian Minister at Nish having been handed his passports.

A Nish dispatch late last night stated that an aeroplane coming from Bulgaria subjected the Serbian city to an aerial bombardment, killing five persons and wounding two others.

The Bulgarian military authorities have taken over the railroad from the Bulgarian seaport of Dedeagatch on the Aegean and Mustapha Pasha in Thrace, forty miles of which line runs through Turkish territory.

London hears unofficially that the Greek Government will proclaim an attitude of "benevolent neutrality" toward the Entente Allies.

Advices from Nish through Athens state that the Serbians believe Greece will not abandon Serbia, as Serbia and Greece are equally threatened by the new developments in the Balkans.

Bulgaria's intention to enter the war on the side of the Central Powers is proclaimed, Berlin dispatches state, in a manifesto to the Bulgarian nation. The manifesto states that it would be suicide for Bulgaria

not to align herself with Germany and her allies.

According to the quoted text of the manifesto, parts of Serbia have been promised to Bulgaria by the Teutonic Powers, whose victory is declared to be assured. In that victory, it is affirmed, the desire for the union of all Bulgarian people will be realized.

The Venizelos party in Greece will not oppose the new Government, Paris hears from Athens, as overthrow of the Cabinet would mean dissolution of the Greek chamber, which it is considered, would be hazardous at the critical time.

An Athens dispatch states that prominent Greeks consider that King Constantine has gained prestige by his recent course, which former Premier Venizelos has suffered a corresponding loss. General sentiment in Athens, the dispatch declares, seemingly is that the King's policy has saved Greece from a war into which M. Venizelos would have led it.

Again there is little but artillery action reported from the front in France. Much of this was of a violent character. There has been much trench fighting, however, near Tahure, which the French recently took from the Germans.

Paris reports a heavy bombardment by the Germans of French positions on the Champagne front. Two of the places mentioned as in the fighting zone—St. Hilaire and St. Souple—are on the strategic railroad at which the French have been driving.

Berlin announces progress in the great drive at Serbia, declaring that the movement of the Teutonic forces across the Danube, Save and Drina rivers is proceeding favorably.

Editor News:

Inasmuch as so many editors have not a speaking acquaintance with the English language, I have decided to use a typewriter. The reward of \$50,000,

offered for an editor or type setter who has mastered reading English, has never been claimed and possibly never will; but none of the sons of men in these callings, write a hand that Daniel could decipher. We have two papers in Shelby, and the hieroglyphics they put on paper would have made Horace Greeley shine as a writing master. In my last communication to your columns, after writing it so plain that he that runneth may read; your typo construed "boatsman pale" to "boatsman's pole." I was once regarded a good scribe, but possibly the infirmities of age have injured my nerves.

I remember an incident in the life of the lamented T. C. Winfrey; one of the most gifted lawyers of this (Adair county) section forty years ago. The judge who was presiding at that term of circuit court became sick, and requested Major Winfrey to write instructions for the jury. Of course the Major did so, taking, as he said, great pains. Presently the jury came back, declaring they could not read the instructions. "Let me have them," quoth the Major? As you men are farmers, not accustomed to reading lawyer's writing, I took great pains with that." Looking over it with a puzzled expression he declared: "I can't read it either, nor can any one else." Men who write a great deal, often have writer's cramp. The lamented George D. Prentice became so bad a victim of this trouble, that his hand was very nearly illegible. The best editor of North Carolina, for the past thirty years, was Col. Joe P. Caldwell, of Charlotte Observer. The last ten years of his life, I was on the staff of Observer. Of course I was a space-writer and was paid by the column. Sometimes he wrote me business letters, which I could hardly decipher. I wish, in this connection, to claim that I can read any sign manual, written in the English language. I have corrected and read proof on articles that made some local pet famous. Had I claimed the authorship, it

Mrs. Carrithers Felt Discouraged

Glad She Took Advice When Husband Said, "Let's Get a Bottle of Tanlac."

Louisville, Ky., Oct. 12.—Statement after statement is now being made in regard to the merits of Tanlac, the new medicine that is accomplishing such astonishing results in Louisville. Mrs. Sallie Carrithers, residing at 3846 Grand Boulevard, city, wife of a well-known car builder at the L & N Shops, said recently.

"My husband just simply forced me to take this Tanlac, but now I am glad that I took the medicine, as I am one of the happiest women in Louisville.

"I had always suffered from catarrh of the stomach, but my real trouble began when I ate something and had ptomaine poisoning as a result of it. My stomach was in such a bad, sensitive condition that I could not eat anything.

"My husband said to me one day, 'Why don't you try this Tanlac?' I had tried so many things that I felt discouraged and told him that I believed nothing would help me.

"He took me for a walk one evening recently, and when passing the Taylor-Isaacs Drug Store, he said, 'Let's go in and get a bottle of Tanlac.' He had my arm and we went into the store together and bought a bottle of Tanlac.

"I waited until morning before I began taking the medicine. I took a dose before breakfast, one at noon, and a third at supper. That night I slept more soundly than I had in months. I now have taken two bottles of Tanlac and I feel like I am cured. I am here to get another bottle, though, as my husband insists that I should do so.

"I simply cannot get enough to eat now. I never had such an appetite in my life. I enjoy everything I taste and I digest everything properly. My stomach is in excellent condition and the catarrhal trouble has disappeared.

Mrs. O. C. Pelley and two little daughters are visiting her brothers and sisters at Edith and Dunnville this week.

Double Wedding.

A very pretty double wedding occurred in the parlors of the Baptist parsonage last Wednesday, forenoon the contracting parties being Mr. J. T. McCubbin and Miss Florence Shirrell; Mr. Emmett Mays and Miss Nora E. Shirrell. Rev. L. C. Kelly, pastor of the Baptist Church, Campbellsville, united the couples, using a solemn and impressive ceremony. The brides are sisters, daughters of the late A. T. Sherrill, whose death occurred two years ago, near Gradyville, and were quite popular in their neighborhood. The grooms are industrious farmers, good citizens, and reside in Green county.

When traveling out of Columbia, get W. H. Wilson's prices before you hire a rig.

The remains of Mrs. Agnes Stearns, who was the wife of W. H. Stearns, and who died in Florida, were brought to her old home, near Cane Valley, for interment. Before her marriage she was Miss Agnes Smith. She was educated in Columbia and many of her old school mates yet living will be sorry to learn of her demise. The funeral services were conducted by Eld. Z. T. Williams, many relatives and friends being present.

Sheriff Mitchell conveyed Vivian Bryant and Lisle Bailey to the Frankfort penitentiary last week. Bryant is to serve one year and Bailey from 6½ to 15 years.

COMMISSIONER'S SALE.

ADAIR CIRCUIT COURT
OF KENTUCKY.

Ottie Bell, &c. Plts.
J. H. Kinnard, &c. Dfts.

By virtue of Judgment and order of sale of Adair Circuit Court, rendered at the Sept. Term, thereof, 1915, in the above cause, I shall proceed to offer for sale at the court-house door in Columbia, Ky., to the highest bidder, at public auction, on Monday, the 1st day of Nov., 1915, at one o'clock, p.m., or thereabout, (being County Court,) upon a credit of six months, the following described property, to wit: A certain tract of land situated in Adair county, Ky., on the waters of Leatherwood Creek, known as the Clayton Bell farm, and owned by him at the time of his death, and bounded as follows: On the north by the lands of John Moss, on the east by the lands of Jesse Breeding, on the south by the lands of Jeff Rose, and on the west by the lands of John Yates and J. O. Moore. Said land will be sold according to a survey which will be on file and read at time of sale. For the purchase price, the purchaser, with approved surety or securities, must execute Bond, bearing legal interest from the day of sale until paid, and having the force and effect of a Judgment. Bidders will be prepared to comply promptly with these terms.

W. A. Coffey, Master Commissioner.

Russell county will soon be down to business. The machinery for road purposes reached this place last Wednesday and later went to Jamestown. The people of Russell are alive and good roads will soon be made all over the county.

COMMISSIONER'S SALE.

ADAIR CIRCUIT COURT
OF KENTUCKY.

Robert Brown, etc., Plts.
Annie Lee Coomer, etc. Dfts.

By virtue of a Judgment and order of sale of Adair Circuit Court, rendered at the Sept. Term, thereof, 1915, in the above cause, I shall proceed to offer for sale at the court-house door in Columbia, Ky., to the highest bidder, at public auction, on Monday, the 1st day of Nov., 1915, at one o'clock, p.m., or thereabout, (being County Court,) upon a credit of six months, the following described property, to wit: Three certain tracts of land lying in Adair county, Kentucky, on the waters of the Harrodsfork, and known as the E. F. Roe lands. The first tract contains about 86 acres, more or less, less about 30 acres heretofore sold off and now claimed by George Groves. The second and third tracts lie adjoining or near to the first described tract and contain 2½ acres more or less and 7 acres more or less. For more complete description reference is made to the Judgment and Order of Sale of Record in Order Book B., p. 477, of the Adair Circuit Court Clerk's office. Or sufficient thereof to produce the sums of money so ordered to be made. For the purchase price, the purchaser with approved surety or securities, must execute Bond, bearing legal interest from the day of sale until paid, and having the force and effect of a Judgment. Bidders will be prepared to comply promptly with these terms.

W. A. Coffey, Master Commissioner.

Plucky Young Newsgirl.

Ethel Kienzel, 17 years old, of Cincinnati, is going to be a schoolteacher in four more years, and during those four years she will continue to be a newsgirl and deliver papers to several hundred customers after school just as she has done all but three days for the past nine years.

Ethel was only eight years old when she began selling papers. She did this work after school hours while other girls and boys gave their time to play. She has since stuck to her paper route and with the money earned paid for her education through the public schools of Cincinnati. The plucky young girl says of her work:

"Circumstances have made it necessary for me to earn my own living and as I want to receive a good education and eventually be a teacher, I must work for the money required for my education. I cannot take a steady position on account of attending school so the next best thing that offered a fair income was for me to deliver newspapers after school hours to customers upon a route. I have been doing this now for nine years and only missed three days. One can even be a newsgirl and be dignified about the work. Of course it takes all the time which others devote to recreation. I give up school dances outings, and gatherings on account of the paper route, but I do not mind that part of it so long as I am able to receive the same education as the more fortunate pupils at school."

Energy and faithfulness to duty such as Ethel displays, is indeed, an inspiration to other girls who are seeking an education and the knowledge of how to do useful work in the world.

Special Notice To Columbia Folks.

We wish to announce we are exclusive Columbia agents for the simple mixture of buckthorn bark, glycerine, etc., known as Alder-i-ka. This remedy, used successfully for appendicitis, is the most THOROUGH bowel cleanser we ever sold. It is so powerful that ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. Alder-i-ka never gripes, is safe to use and the INSTANT action is surprising.

Rub the plowshare well with axle grease before you put it away for the season.

The man who is always just going to do it seldom gets it done, says the Farm Journal.

One thing is certain: Meats are going to remain high, whether the war continues or not.

If the corn-stalks get all the green out of them, their food value is partly lost. Look for seed-corn at cutting time.

In laying drain, let's not make the mistake of putting down tile too small to carry the water off when at floodtide.

If the rain barrel has been standing a long time dry, drive the hoops on before you set it to catch the shower. Save what you get.

Are your folks troubled with crickets getting into the well? Put on a tight top and plaster the wall three feet down with cement. That will fix 'em.

There is coming a time when the boy down-town will lift his hat and be proud that he has some country cousins. It will not be so very long, either.

Take a good whetstone along with you to the corn-field when you begin cutting. It will save a trip to the grindstone and keep off many a backache.

As soon as the crops are off, the fall plowing may be begun. Chink in such work as occasion permits, and save the hard tugs that come to the belated farmer.

Mice do great damage by burrowing in clover or tall meadow-grass. If this were pastured off it would furnish a good deal of the mice. If not pastured, then mow, says the Farm Journal.

If your oats are a little bit damp when you put them in the bins, just run some two-inch slats clear down to the bottom, if you can get them that far. Helps a great deal about curing the grain.

A shock of corn half set up will go down in the first hard wind. Put your best into this part of the work. Saves tugging afterward, for it is a tussle to set up a shock that has gone down that way. It will soon spoil if it is not righted up.

Chronic Constipation

"About two years ago when I began using Chamberlain's Tablets I had been suffering for some time with stomach trouble and chronic constipation. My condition improved rapidly through the use of these tablets. Since taking four or five bottles of them my health has been fine," writes Mrs. John Newton, Irving, N.Y. Obtainable at Paull Drug Co. A Remedy No Family Should Do Without

No matter how healthy a human being may be it is safe to say that not many months are passed without some obstruction of the bowels, in other words, constipation, even if only temporary. The bloating, the dull feeling may start after the evening meal. If a laxative is not taken that night it is certain that sleep will not be sound, and you will awaken unrefreshed.

Hence, it is important for you and for all the members of your family that a good, reliable laxative be always kept in the house for just such emergency. It is sure to be needed, and when needed you want it at hand. No family that is careful of its health can do without a remedy. But the question of which remedy to have on hand is also of vast importance.

The laxative most highly recommended by the majority of intelligent Americans as being best for babies and grownups is Dr. Caldwell's Syrup Pep-

sin. It is a liquid laxative-tonic, mild, and never gripes, is effective on robust people, and can be given with safety to an infant. Children like it because of these gentle qualities and because it is pleasant to the taste.

It is the best all-around remedy you can have in the house for any disorder of the stomach, liver and bowels, and many people like R. H. Morgan, Price, Tenn., and Mrs. H. C. Davidson, Wartburg, Tenn., say they would as soon be without the necessities as without Dr. Caldwell's Syrup Pep-sin.

Anyone wishing to make a trial of this way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 408 Washington St., Monticello, Ill. Your name and address on a postal card will do.

A Splendid Offer.

Until further notice we will furnish The Adair County News one year, the Cincinnati Weekly Enquirer, one year, Boy's Magazine, monthly, one year, Farm and Fireside, semi-monthly, one year; To-day's Magazine, monthly, one year; and Household Journal, monthly, one year, all for \$1.65. This is the best offer ever made by this office, and all who want reading matter should send their subscriptions to this office at once.

Things to Remember in the Chicken Yard.

To obtain good fertility and vigorous chicks the breeds must have ample exercise.

The provision of green food for the chickens is a matter of the first importance.

It will pay to feed early hatched cockerels well and market these when they are about four months and a half old.

There is no better means of succeeding at artificial hatching and rearing than studying the methods of the mother hen.

If disease is discovered among the fowls promptly isolate all birds showing the least sign of being unwell.

Chill, overcrowding and dirty quarters are common causes of mortality among chickens.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst.

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

Gradyville.

The weather continues cold. The first snow of the season came last week.

Several from this place attended the Association at Columbia last week.

The school rally was well represented at Columbia from this place last Friday.

Clem Jones, of East Fork, called in to see us while en route to Columbia last Monday.

Robert Wilson, the popular candy man of Cane Valley, was in our midst last Thursday.

Quite a number from this place were detained in Columbia last Monday afternoon on the account of high water.

Mrs. Cetta Nell, of Columbia, is spending this week in our city with her children.

Mrs. C. O. Moss and her son, James, are visiting relatives this week in Campbellsville.

Willis Bros., of Columbia, were in this section last week buying cattle.

Allen Rose, of Keltner, was in our midst last Friday. He reports every thing moving along nicely in his section.

Our farmers are putting in this week sowing wheat and oats. There will be over an average crop of both sown in this community.

Misses Ora and Mallie Moss left last Friday, for Indianapolis, where they will spend several months visiting.

Joel Rodgers, our efficient mill man, is spending this week on his farm near Greensburg.

W. R. Francis, the well-known insurance man of Campbellsville, was in our midst one day last week. He informed us that his business was good.

Misses Florence and Nora Shirrell, daughters of the late A. T. Shirrell's were married in Columbia last Wednesday to Mr. McCubbin and Mr. Mayes, of Greensburg. The young ladies were two of the nicest of our community. Their presence will be greatly missed from our churches and Sunday schools, as well as the home circle.

Last Monday we had the hardest rain to fall that we have had here for several years. Our creek got higher than it has been for a long time. The people living close to the creek all moved out. We are glad to say there was no serious damage done, except all the fencing along on the creek was washed down and quite a lot took away. Also the corn and tobacco on the bottom land was considerably damaged by the flow of water.

Notice, Tax-payers.

Assist Your Stomach

To Get Rid of the Poisonous Gases and Fermenting Food.

A good long fast will do this sometimes. A trip to the mountains. Tramping. Roughing it. Yes, very good remedies.

But are you going to avail yourself of either one of these remedies. No? Then the next best thing is to try a bottle of Peruna. Take it according to directions. You will have a natural appetite. All gas and fermentation in the stomach will disappear.

Read what Mrs. Emma Bell, Box 204, Fort Pierce, Florida, says: "I was taken suddenly with swelling of the stomach and bowels, and great distress. Very painful. Three doctors gave me no relief. Could not eat anything. Everything soured. I was starving to death. I began taking Peruna and was soon strong enough to do work. After taking five bottles I can truthfully say I am well. I gained twenty pounds."

From North Carolina.

When the turnpike was in good order you had a fine object lesson.

It required six horses to haul two hogsheads of tobacco to the pike. Then two pulled the load to Lebanon. The days of enchantment have forever passed, if they ever existed, and money makes the mare go. In Cleveland county, N. C., are 11 townships. In No. 6, is Shelby, the county seat. First, No. 2, then No. 6, voted bonds. When we saw and realized the ease and speed with which we rode to Shelby on buggy or auto; and that we could haul 10 bales of cotton over a sand-clay, graded rordeasier than we had been hauling 3 bales over muddy roads, we wondered why we put it off so long. You people perhaps would be suited better with macadam roads. Here, we have ideal soil for sand clay. These roads harden, and the roads of Mecklenburg county, have been for twenty years the best in the South. The soil of Kentucky is celebrated for fertility. Naturally, it is, at least, twice as productive as North Carolina. The opponents of bonds said: "We have nothing to haul." We haul several thousand bales of cotton to market, and tons and tons of commercial fertilizer. The South of thirty years ago, bears a very slight resemblance of the South of to-day. We have better schools houses, better dwellings, better churches and better barns.

Persons, collected by a person who knows how to make mention and not overdo, may be tolerated. But for some "rusticus" to get off a lot of drivel about commonplace people, not known three miles from home is an imposition.

Of one thing I am certainly persuaded; Adair county needs better roads. When I left there the roads were better than in North Carolina. Now we have you skinned beyond redemption.

ural advantages. One-fourth of the labor and pains required here to eke out an existence, will make a good living in Kentucky. Cotton is as much trouble as tobacco, and remember that North Carolina stands next to Kentucky in production of "the filthy weed."
